MacBook Insurance Program

The MacBook Insurance Program is a completely optional insurance program, available to families that wish to protect themselves from damage or replacement costs for their student's school issued Device

Coverage

The MacBook Insurance covers 100% of all **accidental** damage, fire, flood, natural disasters, power surge, and vandalism to your child's school issued MacBook Computer. This insurance will provide coverage on school grounds, at home, on the school bus, and anywhere your child may travel. If damaged, an insured device would not be charged any additional fees for repair. Insurance does not cover loss or theft of the MacBook. (The technology department will determine whether the damage is considered accidental or intentional, based on investigation and/or appearance of damage.)
